For Office Use Only:

Your application was selected by the Department of Education for review in a process called "Verification." In this process, Bay Mills Community College will compare information from your FAFSA with this worksheet. The law requires completion of Verification before awarding and/or disbursing federal aid. If there are differences between your FAFSA and your verification documentation, electronic corrections to your FAFSA may be required. **You must complete and sign this worksheet, attach all required documents, and return it to the financial aid office before your application can be processed. After your request and documentation are reviewed, the financial aid office will notify you in writing the decision to approve or deny your Dependency Override Request. Please Note: The information you provide will remain confidential.** Contact the financial aid office at 1-866-967-BMCC if you have any questions.

### A. Student Information

Last Name First Name M.I. Student ID or Social Security Number

Address (include apt. no.) Date of Birth

City State Zip Code Phone Number (include area code)

This form is **for dependent students** who do not meet the federal criteria for "independent" status, but wish to have their unique circumstance reviewed in order to be considered an independent student for financial aid purposes. Students who are estranged from their parents due to extreme circumstances (e.g., child abuse, abandonment, family alcoholism or drug abuse, unsuitable household resulting in the child being placed in foster care, etc.) which can be documented by an objective third party may qualify for this professional judgment treatment.

\* **Please Note:** In particular, the following circumstances do not merit a dependency override, either alone or in combination:

- Parents refuse to contribute to the student's education;
- Parents are unwilling to provide information on the application or for verification;
- Parents do not claim the student as a dependent for income tax purposes;
- Parents live separately from the student or in a foreign country;
- Student demonstrates total self-sufficiency

Dependency Override Requests will be reviewed on a yearly basis. The determination of the request is the sole decision of each college institution. The student is required to turn in new documentation for every Dependency Override they request. If a student's request is approved one year, it does not mean they have warranted the approval for every year to come.
